PROFESSIONAL SUMMARY

Microsoft-certified Data Engineer & Analyst with 3+ years of experience designing end-to-end data platforms on **Microsoft Fabric**, **Azure**, **Databricks**, and **Power BI**. Delivers Lakehouse/Warehouse architectures, fault-tolerant PySpark/SQL ETL pipelines, and executive-grade dashboards that cut reporting time, improve data freshness, and surface seven-figure cost-optimization opportunities for clients in logistics, finance, and operations. Holds multiple certifications across Fabric, Power BI, Databricks, and core data engineering.

TECHNICAL SKILLS

Data Platforms	Microsoft Fabric (OneLake, Lakehouse, Warehouse), Azure Data Factory, Azure Synapse, Databricks
ETL & Pipelines	PySpark Notebooks, Dataflow Gen2, Azure Data Pipelines, Incremental Loading, CDC, Medallion Architecture
Databases	SQL Server, PostgreSQL, T-SQL, Stored Procedures, Query Optimization, Indexing
BI & Visualization	Power BI, DAX, Power Query (M), Paginated Reports, Row-Level Security, KPI Modeling
Programming	Python (Pandas, PySpark), SQL, M Language
Modeling	Star Schema, Snowflake Schema, Dimensional Modeling, Fact/Dimension Design, Slowly Changing Dimensions
AI & Analytics	Fabric Copilot, Fabric AI Skills
DevOps & Tools	Azure DevOps (ADO), Git, CI/CD for Fabric, Deployment Pipelines, SharePoint

PROFESSIONAL EXPERIENCE

Kanerika Software Pvt. Ltd. – Software Engineer

Jun 2025 – Present

Data Engineering | Microsoft Fabric, Power BI, PySpark

Ahmedabad, India

- Architected a scalable Lakehouse + Warehouse solution on Microsoft Fabric for a US logistics client, becoming the technical owner of data ingestion, modeling, and reporting across 5 business domains.
- Engineered fault-tolerant ETL pipelines in PySpark and SQL with incremental loading, cutting daily data refresh time by **60%** and ensuring near real-time KPI availability for operations teams.
- Designed star-schema Fact/Dimension models powering dashboards for Inventory, Data Centre Monitoring, HR, Safety, and Order Tracking, enabling leadership to surface cost-saving and SLA-breach signals within minutes instead of days.
- Ingested 20+ on-prem SQL Server sources into OneLake via Dataflow Gen2, eliminating manual extracts and standardizing the client's single source of truth.
- Led client demos and feedback cycles, translating operational KPIs into 10+ production dashboards adopted by supply chain and data centre leadership.
- Mentored **100+ attendees** as a trainer across multiple editions of *Microsoft Fabric Analytics in a Day*, owning hands-on labs and Q&A and establishing internal credibility as a Fabric subject-matter expert.

Kanerika Software Pvt. Ltd. – Associate Software Engineer

Jul 2023 – Jun 2025

Data Engineering | Microsoft Fabric, Power BI, PostgreSQL, ETL Notebooks

Hyderabad, India

- Owned end-to-end delivery of Sales, Work-In-Progress, and Parts Management dashboards on Microsoft Fabric, giving Finance and Operations leaders real-time visibility into revenue pipeline and shop-floor throughput.
- Built ETL transformation logic in Fabric notebooks converting raw source feeds into report-ready, governed datasets, reducing analyst data-prep effort by an estimated **40%**.
- Established Azure DevOps Git workflows for Power BI artifact versioning, enabling traceable releases and rollback for a multi-developer team.
- Led a team of developers to deliver an internal Financial Dashboard tracking revenue, expenses, profit margins, cash flow, and budget utilization across the organization.
- Architected the ETL pipeline ingesting Zoho Books and QuickBooks data into PostgreSQL, replacing manual monthly close reports with automated daily refreshes.
- Modeled the PostgreSQL warehouse and built DAX KPIs surfacing cost-saving opportunities, directly influencing budget reallocation decisions by leadership.

CERTIFICATIONS

- **Microsoft Certified: Fabric Data Engineer Associate (DP-700)** 
- **Microsoft Certified: Fabric Analytics Engineer Associate (DP-600)** 
- **Microsoft Certified: Power BI Data Analyst Associate (PL-300)** 
- **Databricks Certified: Data Engineer Associate**
- **Microsoft Certified: Power Platform Solution Architect Expert (PL-600)**

EDUCATION & RECOGNITION

B.E. in Electronics & Communication Engineering – CGPA: 8.5

MBM University, Jodhpur

- Recipient – **Excellence in Professional Development Award**, 9th Annual Day of Kanerika.
